CODERAVE

Code Collaborate Innovate

Prepared For :

Prof   A .S ARORA

Faculty Advisor Internwell SLIET

About CodeRave

36 Hour Hackathon

CodeRave is an 36 hour project based coding hackathon organizing by Internwell SLIET in collaboration with SSDC (Sliet software development club) .

we are going to conduct this hackathon in hybrid mode for convenience of the students our college students can participate offline and other participants will join the hackathon online.

Hackathon is going to conduct in Two phases one is competitive programing and other is 36 hour project based hackathon

Our goal is to attract 500+ students to join our Hackathon. winners get rewarded with the prizes and goodies

For conducting the hackathon we are required to take support from the various company's in the form of sponsors

Schedule For Hackathon

DAY 1
- Competitive programming Round 1 (Online)

DAY 2
- Competitive programming Round 2 (Offline)
- 36 Hour Hackathon start (2 PM)

DAY 3
- 36 Hour Hackathon End

DAY 4
- Pitching and declaration of winner

GOALS & OBJECTIVE

OBJECTIVES 1

This hackathon is open to all so our institute students have a chance to experience a real hackathon and have a chance to compete with the coder and developer from all over the India .

OBJECTIVES 2

CodeRave consist a seminar session with a senior software which help students who want a guidance in the coding and web development.

OBJECTIVES 3

We believe that this hackathon will provide an excellent opportunity for students to showcase their skills and compete with their peers in a friendly and supportive environment. It will also help to build a sense of community among the students and foster their professional development.
